

**Styleflyers.com**

Hello! Thanks a lot for downloading the Premium PSD Flyer template, we hope it will be in service to you.

PSD is set up in 4,2' x 4,2' dimension

You can easily change texts, content, images, objects and color palette.

The PSD file is very well organized, with color coded groups and layers named appropriately.

<<<<<<<<<<<<<<<<<Free fonts used in design:<<<<<<<<<<<<<<<<<

- 1) Futura Hv BT <https://www.dafontfree.net/freefonts-futura-hv-bt-f125917.htm>
- 2) Sant'Elia Script Font Free <https://www.dafontfree.io/santelia-script-font-free/>
- 3) Lato <https://www.fontsquirrel.com/fonts/lato>

## How to update (change) the main

- 1) Make sure that your layers palette ( Window --> Layers) is opened.
- 2) Choose the layer «YOUR IMAGES HERE >>> Right click >>> Edit Content» , right click on the layer, select “Edit content”.
- 3) Change the blurred image to yours.
- 4) Close the window. Confirm the changes by clicking «Yes»

<<<<<<<<<<<<<<<<<<< How to change the color<<<<<<<<<<<<<<<<<<<

- 1) In MASTER ADJUSTMENTS group there are layers for contrast and color balance updates.

Just click twice on Layer Thumbnail and do necessary changes.

- 2) In Color Options 1 and Color Options 2 groups, there are many pre-installed color solutions for your PSD template.

If you don't have required software - [Adobe Photoshop](#), or want to save you time – we can [customize](#) this flyer for you
