

**Styleflyers.com**

Hello! Thanks a lot for downloading the Premium PSD Flyer template, we hope it will be in service to you.

PSD is set up in 4,25' x 4,25' dimension

You can easily change texts, content, images, objects and color palette.

The PSD file is very well organized, with color coded groups and layers named appropriately.

<<<<<<<<<<<<<<<<<Free fonts used in design:<<<<<<<<<<<<<<<<<

1) Walkway <https://fontsgreek.com/walkway-font>

2) Opium Bold <https://fontsgreek.com/fonts/Opium-Bold>

<<<<<<<<<<<<<<<<<<< How to update (change) the main <<<<<<<<<<<<<<<<<<<

1) Make sure that your layers palette ( Window --> Layers) is opened.

2) Choose the layer «YOUR IMAGES HERE >>> Right click >>> Edit Content», right click on the layer, select “Edit content”.

3) Change the blurred image to yours.

4) Close the window. Confirm the changes by clicking «Yes»

<<<<<<<<<<<<<<<<< How to change the color<<<<<<<<<<<<<<<<<

1) In MASTER ADJUSTMENTS group there are layers for contrast and color balance updates.

Just click twice on Layer Thumbnail and do necessary changes.

2) In Color Options 1 and Color Options 2 groups, there are many pre-installed color solutions for your PSD template.
